22/14 Notices of Motion

1) 'Frack Free Derby'

It was proposed by Councillor Carr and seconded that

Council notes that:

- it is publicly committed to being a greener and cleaner city and is committed to the promotion of renewable energy sources
- the Government's policy of promoting 'fracking' for shale gas across large areas of Britain may mean that applications may be made for licences to start exploratory drilling within the city boundary
- Fracking has a long history of operations in North America, but in many European countries it has been banned or is subject to a moratorium.

Council further notes that:

- exploitation of shale gas locks our economy into a 'carbon culture' that produces climate change and diverts investment away from renewables
- planners judging fracking applications are forbidden to consider alternatives to oil and gas
- drilling for shale gas creates fewer local jobs than could be created through investment in renewables
- fracking can be very disruptive to residents
- the evidence from North America shows that fracking can pose a threat to underground geology and the local water basin
- research from North America suggests that a health risk may exist from fracking processes that pump a mix of potentially dangerous chemicals into the earth's surface and close to water aquifers.

Council therefore resolves:

1. To declare the City a 'frack-free' area and prohibit fracking on all council land
2. To instruct its Corporate Scrutiny Board to investigate the likely environmental impact of fracking within the city
3. To work with other local authorities and environmental groups to oppose fracking and emphasise its dangers

It was moved by Councillor Rawson and seconded that the motion be amended, by removal of all bullet points after 'Council further notes that' and removal of points 1 and 3 of the proposed resolution.

It was further moved and seconded that an addition be made to the remaining point of the proposed resolution so that it would read:

'To instruct its Corporate Scrutiny Board to investigate and report back to Council on the likely environmental impact of fracking within the city.'

The amendment, as modified, was approved.

Resolved that

Council notes

- **it is publicly committed to being a greener and cleaner city and is committed to the promotion of renewable energy sources**
- **the Government's policy of promoting 'fracking' for shale gas across large areas of Britain may mean that applications may be made for licences to start exploratory drilling within the city boundary**
- **Fracking has a long history of operations in North America, but in many European countries it has been banned or is subject to a moratorium.**

Council therefore instructs its Corporate Scrutiny Board to investigate and report back to Council on the likely environmental impact of fracking within the city.

2) 'Special Responsibility Allowances'

It was proposed by Councillor Banwait and seconded that

'Council recognises the reasons why the Independent Remuneration Panel recommended that the entitlement to a special responsibility allowance for deputy group leaders be reserved to those groups with a membership of 10 or more councillors.

In view of this recommendation, which was approved, Council moves that the Members' Allowances Scheme be further amended with immediate effect such that

a special responsibility allowance for group leaders be reserved to those groups with a membership of six or more.'

It was moved by Councillor Graves and seconded that the motion be amended, by the removal of the words 'a special responsibility allowance for group leaders be reserved to those groups with a membership of six or more.' To be replaced with the words 'all Special Responsibility Allowances be suspended during these terrible times of austerity and be reintroduced in more prosperous times.'

In accordance with Council Procedure Rule CP68, it was demanded by at least 10 members that a recorded vote be taken on the amendment.

The following members voted for the amendment:

Ashburner, Care, Carr, Graves, Higginbottom, Jones, Naitta, Skelton, Troup, Wright. (10)

The following members voted against the amendment;

Afzal, Banwait, Bayliss, Bolton, Campbell, Dhindsa, Eldret, Hezelgrave, Hillier, Hussain, Jackson, J Khan, S Khan, MacDonald, Martin, Nawaz, Pegg, Rawson, Redfern, Repton, Russell, Sandhu, Stanton, Tittley, Turner, Whitby. (26)

The following members abstained on the amendment:

Bailey, Barker, Davis, Hickson, A Holmes, M Holmes, Ingall, Keith, Poulter, Webb, Williams, Wood. (12)

The amendment was lost.

Resolved that Council recognises the reasons why the Independent Remuneration Panel recommended that the entitlement to a special responsibility allowance for deputy group leaders be reserved to those groups with a membership of 10 or more councillors.

In view of this recommendation, which was approved, Council moves that the Members' Allowances Scheme be further amended with immediate effect such that a special responsibility allowance for group leaders be reserved to those groups with a membership of six or more.
