Present: Councillor Afzal

### 01/13 Apologies

There were no apologies.

### 02/13 Late Items

There were no late items.

### 03/13 Declarations of Interest

There were no declarations.

### 04/13 Rights of Way Improvement Plan for the City of Derby 2013-2017

The Cabinet Member received a report of the Strategic Director of Neighbourhoods seeking approval for a 12-week consultation to commence on the Draft Rights of Way Improvement Plan for the City of Derby 2013-17.

It was reported that the plan, containing the actions the council followed to manage Derby's local rights of way network, required updating. The Cabinet Member was advised that since 2007, changes in policy at local and national level as well as recent social trends had meant that the Council had had to carefully reappraise how its local rights of way network was used, maintained and promoted.

The draft 2013-2017 plan was the second part of a 10-year programme that began in 2007, rather than a complete revision of the first plan. It was proposed that a new plan, based on a full reassessment of the city's local rights of way network, would be published in 2017. The Cabinet Member sought clarification on when the consultation would commence, and was advised that it would be within days of the recommendation being approved.

**Resolved to authorise a 12-week public consultation exercise for the draft version of the Rights of Way Improvement Plan for the City of Derby 2013-2017.**
