ITEM 8

Report of the Medical Director, NHS England
Area Team Derbyshire And Nottinghamshire

**NHS England Area Team Derbyshire and Nottinghamshire
Screening and Immunisations Programmes Update**

SUMMARY

- 1.1 The attached report describes the commissioning arrangements and key public health quality and performance issues in the screening and immunisation programmes commissioned by NHS England Area Team Derbyshire Nottinghamshire with specific reference to the Derby City population.
- 1.2 Specifically the report:
- Summarises the commissioning arrangements for screening and immunisation programmes by Derbyshire and Nottinghamshire Area Team.
 - Describes the range of initiatives being undertaken to improve uptake of screening programmes for the people of Derby City.
 - Notes the particular focus on improving access to diabetic eye screening services.
 - Notes the excellent uptake of HPV vaccination in Derby City.
 - Note the future challenges ahead in commissioning the extended seasonal flu programme and other school age vaccinations.

RECOMMENDATION

- 2.1 The Health and Wellbeing Board is asked to receive this report for assurance and comment on the progress to date in ensuring that high quality and accessible screening and immunisation services are available to the local population.

REASONS FOR RECOMMENDATION

- 3.1 NHS England is responsible for the commissioning of national screening and immunisation programmes. This responsibility is transacted locally though NHS England Area Teams since April 2013

SUPPORTING INFORMATION

4.1 A detailed report on the immunisation and screening programmes is attached.
