

Area Panel Budget Proposals 2006/7

SUPPORTING INFORMATION

- 1.1 The Area Panel 3 budget allocation for 2006/7 is **£17,472**. The Panel also has an additional budget of **£3,116** carried forward from 2005/6, which means that a total budget of **£20,588** is available for allocation to projects during this financial year.
- 1.2 A summary of applications funded for the current financial year is provided in Appendix 2.
- 1.3 The Council Constitution states that the Area Panels can 'use a delegated budget for local environmental and community purposes'. Therefore, if an application does not specifically refer to a local activity, consideration needs to be given to the appropriateness of allocating area panel funding to the project. In deciding whether to support each application, the area panel will assess the funding request against the funding criteria and its priorities.
- 1.4 The funding criteria state that applicants need to provide a service in response to the needs of local residents and meet at least one of the following criteria:
 - improve access for local people to existing services
 - provide a service in response to an issue raised in a community update report
 - contribute to improvements which will provide a benefit to local residents
 - assist in providing an integrated service in response to an issue raised at an area panel meeting
 - enable residents to participate in their community or at area panel meetingsApplications also need to:
 - provide evidence of need for the application
 - show evidence that ongoing maintenance or revenue costs have been approved by the relevant Council department, if necessary.
- 1.5 The priorities for supporting an application are that it:
 - is from a voluntary or community group
 - shows evidence of match funding or self help
 - provides a service in response to the needs of local residents
 - will directly benefit people living in the area panel area
 - shows evidence of how the project will be sustained beyond the period of funding, if it is not a one-off project
 - contributes to the delivery of one or more of the Council's corporate objectives.
- 1.6 In most circumstances, the amount of funding that the area panel will award to an applicant will be between £50 and £2,000. However, the area panel does have the discretion to award more if it considers the application to be a priority for the area.

1.7 The current budget for Area Panel 3 in 2006/07 is:

IMPLICATIONS

Financial

- 1.1 Area panels must consider priorities within the area when considering requests for funding. Not all requests that meet the criteria will be considered a priority. When supporting or rejecting an application over £25,000, Area Panel 3 must give reasons for its decision.

Legal

- 2.1 Area Panel 3 has delegated authority to use its budget for local environmental and community purposes.
- 2.2 Section 19 of the Local Government (Miscellaneous Provisions) Act 1976 empowers the Council to offer grants to voluntary and other organisations to provide any recreational facilities.
- 2.3 Any decision involving the making of a grant or loan over £25,000 to any voluntary body is deemed to have a significant impact on two or more wards and is therefore a key decision.
- 2.4 After a key decision has been taken, the Director of Corporate Services must publish a record of every executive decision taken at that meeting within two days of that meeting. The record must include a statement of the reasons for each decision and any alternative options considered or rejected at the meeting. No action will be taken on any such decision for five clear days from the date of publication.

Personnel

- 3.1 None other than those included in the application forms.

Equalities impact

- 4.1 None other than those included in the application forms.

Corporate priorities

- 5.1 The provision of grants to community projects can contribute to the delivery of the Council's key priorities.
