

Appendix 3

2007/08 preparation pool for footway reconstruction and resurfacing

This preparation pool was presented to cabinet in February 2006.

Delivery was dependent on the level of funding available and co-ordination with the street lighting PFI contract.

- the schemes highlighted in light grey were completed in 2006/07, as the street lighting was deemed to comply
- the schemes highlighted in dark grey were completed in 2006/07 alongside carriageway resurfacing work
- schemes 1 to 46 are 2006/07 cost estimates. These will need to be reviewed as part of the new Highway Maintenance Term Contract.
- schemes numbered 47 to 59 are new schemes for 2007/08, as a result of consultation with Members and Area Panels, of which only schemes 48, Swanwick Gardens and 56, Bramfield Avenue, are streets where the current street lighting is deemed to comply.

No.	Street	Location	Ward and Area Panel	Cost estimate
1	Slurry sealing programme		Citywide All Area Panels	50,000
2	Scarborough Rise	From Coniston Crescent to St Andrews View	Derwent Area Panel 1	40,500
