EIA: Summary of Impact and Mitigating Actions

Organisation/Service	Impact & Mitigating Actions
Young Person's Sexual Health Promotion and Support Service Services providedinclude a range ofeducation, awareness, outreach and support services with a focus on improving sexual health and access to sexual health services for young people aged 11-19 years of age in areas of low income, deprivation and high teenage pregnancy rates.	**Impact:** Based on the budget proposals set out in the public consultation, the ending of service contracts for targeted sexual health promotion/education will have a negative impact on people from the following Equality Groups. The following Equality Groups have been identified as a primary user group or making up a significant proportionof the user group for those services commissioned by Derby City Council**:** • **Age** • **Disability** • **Gender** • **Race** • **Religion, belief or non-belief** • **Sexuality** • **Low Income** The following actions were identified to mitigate the negative impact on Equality Groups. **Mitigating actions identified include:** • Work with existing Derby City Council commissioned Contraception and Sexual Health services to improve targeted outreach for young people and identify alternative C-card providers • Work with schools and college to strengthen school based sexual health education for young people • Working with primary care and existing sexual health service providers to explore ways of improving access to sexual health services for young people
