19th December 2022

Dear Nigel

You were informed earlier in the year that you have been selected to receive **£475,000** funding in Round 3 of the Department for Transport's Safer Roads Fund (SRF) for the **A52** and have met with the SRF team to discuss the process for funding.

I am now pleased to share with you the following documents:

- The application form for your scheme (if you have been allocated funding for more than one scheme then please fill in an application for each scheme)
- The Road Safety Benefits spreadsheet (to follow shortly as this is undergoing final quality assurance checks)
- Guidance to completing the Road Safety Benefits spreadsheet (to follow shortly as above)
- A bank details form to be completed and returned with your application form
- A pdf copy of the quarterly monitoring report that you will be expected to return to the SRF Specific Point of Contact (SPoC), which will in turn be reported to ministers. This is currently being tested with current schemes and you will get the latest version once your application is approved.

The deadline for you to return the application is **17:00 on 25 February 2023**. Please could you confirm receipt of this letter and the associated documents by **17:00 21 December 2022**.

We would be grateful if you do not share this progress wider than is necessary within your teams and do not make any public announcement. DfT Comms will be leading an announcement when the submission process has been completed and will be in touch in due course.

If you have any further questions as you complete the application form, please do not hesitate to contact the SRF team on saferroadsfund@dft.gov.uk.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Pauline', written over a horizontal line.

Pauline Reeves
Deputy Director, Road Safety Division
