

APPENDIX 2

DERBY HEALTH AND WELLBEING BOARD: Feedback on pharmacy consolidation application analysis and recommendation

Date request to HWB received from NHS England:

Letter dated: 1 December 2018

Letter received via email: 3 December 2018

Reference: PCC-201718-29

Consolidation proposal:

Consolidation onto the site at 18-20 Sinfon District Centre, Sinfon, Derby DE24 3ND of B. J. Wilson Ltd already at that site and B. J. Wilson Ltd currently at 430 Stenson Road, Derby DE23 1LH.

HWB required to respond by: 15 January 2019.

Date analysis and recommendation circulated to:

- **HWB members:** 17 December 2018.
- **Sinfon ward councillors** – 17 December 2018.
- **Local authority & CCG commissioners; LPC** – 10 December 2018.

Date representation sent to NHS England: 11 January 2019.

HWB Member	Response & date
Perveez Sadiq - Service Director - Adult Social Care Services, Derby City Council	No adverse comments from me. Agree with assessment. <i>17/12/2018</i>
Stephen Bateman - Chief Executive Officer, DHU Healthcare	We have had a look at this and the pharmacy in question is open for a limited period of time. Doesn't serve a great many patients, from our point of view the closure/relocation of the contract will have negligible impact on our services within Derbyshire 111/OOH's <i>18/12/2018</i>
Steve Studham - Chair, Healthwatch Derby	No comments. <i>18/12/2018</i>

Elected Member	Response & date
Cllr Nadine Peatfield	No response.

Cllr Baggy Shanker	No response.
Cllr Joanna West	No response.

Commissioner	Response & date
Richard Martin, Assistant Director of Public Health – Commissioning. Derby City Council	<p>In the 2018/19 financial year to date there have been: 126 needle exchange transactions; one issuances of oral emergency contraception; and 889 supervised consumptions of methadone/buprenorphine. These are the services commissioned by Public Health. This compares to an average of 1106 needle exchange transactions; 36 issuances of oral emergency contraception and 3882 supervised consumptions of methadone/buprenorphine (in other similar pharmacies). The volume of activity at the pharmacy to be disestablished is small and the availability of all services at nearby pharmacies would mean sustained accessibility for PH clients.</p> <p>11/12/2018</p>
Victoria Blackshaw, Medicines Management Project Manager. Derbyshire CCGs.	<p>As stated the difficulty in assessing the loss of the face-to-face aspect of this consolidation is very tricky, and not sure has an actual solution.</p> <p>As an observation, there does appear be a geographical gap in this area re Community Pharmacy, however this is a small gap (as you state in document approx. 1.2 miles) so in real terms is not a true gap and is in line with guidance.</p> <p>19/12/2018</p>

LPC	Response & date
Jackie Buxton, Chief Officer. Derbyshire Local Pharmaceutical Committee (LPC)	<p>We make representation as the LPC as well so we won't complete this one as it would be duplicating our views.</p> <p>10/12/2018</p>
