**Listed Building:** GD2

<https://eplanning.derby.gov.uk/online-applications/plan/11/17/01432>

### **Resolution**

**No objections: Committee welcomed the proposals but felt more attention should be paid to the position of the Post Box and its brick surround. It was felt that the post box should be closer to the main block and the railings, where removed to make the access, should be re-used. Committee also felt improved design could be made to the central Avenue as opposed to design suggested.**

**Listed Building:**

<https://eplanning.derby.gov.uk/online-applications/plan/05/17/00567>

### Resolution

**Object and recommend refusal as the Committee felt a 3m wide path would severely impact on the character and functioning of the Park (a 2m wide path was considered more acceptable). Also the proposed materials of construction were also considered inappropriate (Committee suggested soft edging to the path). Committee raised concerns over the design of the proposed flat bridge. They felt this was designed to maximise the throughput of cyclists and was inappropriate. CAAC would prefer a more attractive design or retention of the existing bridge humped bridge.**

**Listed Building:** GD2

<https://eplanning.derby.gov.uk/online-applications/plan/11/17/01424>

**Location:**

**Proposal:** Change of use of ground floor from business (use class B1) and refurbishment of the building to form four flats (use class C3)

**Expiry Date:** 05/01/2018

**Listed Building:** GD2

<https://eplanning.derby.gov.uk/online-applications/plan/10/17/01280>

**Listed Building:**

<https://eplanning.derby.gov.uk/online-applications/plan/11/17/01446>

### **Resolution**

**Object and recommend refusal. The Committee felt the proposed development was too large for its location, overbearing and imposing. It was felt that the development would not enhance the character and appearance of either the conservation area or the range of listed buildings in the area. The Committee felt the proposal would also be injurious to the amenities of neighbours opposite by virtue of the scale and mass of proposed built form. Proposed development would exhibit and be unduly detrimental frontage form of development on Agard Street.**

### **Resolution**

**Object and recommend refusal on the grounds of the adverse impact on the special character and appearance of the Conservation Area. CAAC felt the existing building and its facade made a very positive contribution to the Conservation Area and the proposed raising of the roof and front elevation changes would be unduly detrimental to the context of the wider street-scene.**
