

ITEM 6

COUNCIL – 24 January 2007

“Council welcomes and endorses the position taken by the Leader of the Council in signing Derby Campaign Against Climate Change’s petition calling for a 25% reduction in CO2 emissions from the Council within 5 years. It further welcomes the associated report to the 16 January Cabinet meeting and proposed action to take forward the Derby Declaration on Climate Change.

Council also welcomes the work that the Overview and Scrutiny Commissions have done over the last two years on energy use within the Council, and asks Cabinet to work closely with the Commissions in the development of the Council’s Climate Change Action Programme.

Council further asks Cabinet to accept the challenge of reducing the CO2 equivalent emissions from the whole of Derby by working with all sectors, groups and people in Derby in association with the Overview and Scrutiny Commissions.

In addition, Council endorses the view that it is right that Local Authorities should take a lead to promote action to reduce climate change across their areas of jurisdiction. It therefore asks the leaders of all political groups to promote the adoption of this practice to other councils in Derbyshire and the East Midlands.”
