

DERBY CITY COUNCIL

MINORITY ETHNIC COMMUNITIES ADVISORY COMMITTEE 30 MARCH 2006

Report of the Assistant Director – Community Policy

COMMUNITY COHESION SURVEY RESULTS

RECOMMENDATION

1. To note the community cohesion results from the September 2005 Derby Pointer Citizens' Panel survey.

SUPPORTING INFORMATION

- 2.1 The Derby Pointer Citizens' Panel was set up in 1998 to involve local people in the Council's decision-making process. The Panel is made up of over 1,000 local people representative of the local population by age, sex, ethnicity, area, selected at random from the Post Office Address file.
- 2.2 Panel membership lasts for up to three years and we replace a third of the Panel each year to make sure other Derby people get the chance to give us their views. Panel members complete up to three questionnaires a year about various service issues, such as, crime and disorder, sports and leisure, libraries and the survey results are reported to the Council Cabinet.
- 2.3 The Panel is maintained for the Council by consultants, QA Research Limited, based in York, and were appointed in July 2005 following a competitive tender process. The consultants are responsible for panel maintenance and recruitment, design and administration of the questionnaire, analysis of results and preparation of the final reports. They introduce an element of independence to the process that may encourage panel members to be more open, as well as bringing expertise and experience.
- 2.4 Officers are responsible for identifying topics for research and drafting questions. Typically, these concern service and policy development and consultation during Best Value Reviews.
- 2.5 The questionnaire was sent out on 23 September 2005 to 1,150 Derby Pointer Panel members. The response rate was 55% and the results reported here represent replies received from 628 respondents. 'Base' where stated in the charts or tables, refers to the number of respondents to the question on which the statistics quoted are based. Numbers in brackets indicate the actual number of responses.
- 2.6 A summary of the key community cohesion results is shown at Appendix 2. Some of the questions were repeated from January 2003 survey and have been compared to the 2004 results to show how much respondents views have changed. The survey respondents profile is shown at Appendix 4.

- 2.7 The current panel is made up of 1,061 people – see Appendix 5. Compared to the Census 2001 profile of the city – Black Caribbean, Indian, Chinese and Dual Heritage people are under-represented on the Panel.
- 2.8 The Panel is currently being refreshed during March/April 2006 and we will focus the booster recruitment on the under-represented groups.

For more information contact:	Elphia Miller 01332 256258 e-mail elphia.miller@derby.gov.uk
Background papers:	November 2004, January 2003 survey results
List of appendices:	Appendix 1 – Implications Appendix 2 – Community Cohesion results Appendix 3 - Community Cohesion tabulated results Appendix 4 – Survey respondents profile. Appendix 5 – Current Panel profile

IMPLICATIONS

Financial

1. Each Derby Pointer questionnaire costs around £10,926 and we send out three each year. This includes panel members being able to complete the surveys on-line.

Legal

2. The Local Government Act 1999 requires the Council to consult its citizens on its general direction and on issues relating to specific services. The Council must also show how the results have been used to improve services.

Personnel

3. None.

Equalities impact

- 4.1 The Derby City Partnership's Community Strategy action plans will address the issues raised by the survey and subsequent improvements will benefit all communities in the city.
- 4.2 The Panel is maintained in a way that makes sure it is representative as possible of the Derby population.

Corporate objectives and priorities for change

5. Community cohesion contribute to the Council's objective of – **a shared commitment to regenerating our communities , healthy, safe and independent communities, a lively and energetic cultural life and a diverse , attractive and health environment.** It also furthers the Council's planning priority 4 – **working in partnership to achieve socially cohesive communities.**

Key Results

1 Community cohesion

- 1.1 A cohesive community is one that has a common vision, where diversity is valued and where those from different backgrounds have similar life opportunities and live together harmoniously. Derby's Community Strategy, the 2020 Vision, aims to provide this common vision for Derby. The first Community Strategy was published in 2003, and used the measures, 'percentage of adults surveyed who feel they can influence decisions affecting their local area' and 'percentage of people surveyed who feel that their local area is a place where people from different backgrounds get on well together' as key measures of progress. The 2003 strategy noted performance on both measures from 2002/3 and targets were set for both measures at a later date.
- 1.2 The results in Table 1 show that over the last two years, overall more than 50% of respondents 'agree' that their local area is a place where people from different backgrounds get on well together. The results have improved from 2004 to 2005.

Table 1: % of respondents who agree/disagree that people of different backgrounds get on well together

	Nov 2004		Sept 2005	
	%	n	%	n
Definitely agree	15	68	13.5	85
Tend to agree	42.7	193	50.6	318
Tend to disagree	13.1	59	8.3	52
Definitely disagree	5.1	23	3	19
Don't know	16.8	76	14.3	90
Too few people in local area	1.1	5	0.6	4
All same backgrounds	6.2	28	8.4	53
Base	452		628	

- 1.3 The top five things that respondents thought most important in making somewhere a good place to live were:
- affordable decent housing, 57.3% (360)
 - low level of traffic congestion, 39.6% (249)
 - health services, 39.2% (246)
 - parks and open spaces, 35.2% (221)
 - public transport, 30.1% (189)

However, what respondents thought important were not all reflected in what they thought need improving in their local area. The top five things that respondents said should be improved were:

- community activities, 44.6% (280)
- facilities for young children, 34.65 (217)
- low level of traffic congestion, 34.25 (215)
- affordable decent housing, 33% (207)
- low level of crime, 33% (207).

- 1.4 The results in Table 2 show that over the last three years, there has been a small but steady improvement in the percentage of people who feel they can influence decisions affecting their local area, from 36% in 2003, to 38% in 2004 and 42% this year. This shows that some of the mechanisms being put in place, such as the Area Panels, to engage local people, are having some impact. The Community Strategy target for 2005/6 was 40%, so this target has been exceeded. Engaging/involving local people in the decision-making process is an important requirement of the Best Value and CPA regime and the Council will be looking at how it can improve the way it consults and involves the public, especially at the neighbourhood level.

Table 2: % of respondents who agree/disagree they can influence decisions affecting their local area?

	Jan 03		Nov 04		Sep 05	
	%	n	%	n	%	n
Definitely agree	5.4	26	5.8	25	5.6	35
Tend to agree	30.6	147	31.7	137	35.7	224
Tend to disagree	31	149	37.7	163	35.8	225
Definitely disagree	24.2	116	13.7	59	11.6	73
Don't know	8.8	42	11.1	48	8.9	56
Base	480		432		628	

- 1.5 The results in Table 3 show that overall residents are 'satisfied' with their neighbourhood as a place to live. Satisfaction levels have remained high over the last three years with more than 70% of respondents being 'satisfied' compared to on average only 8% who were 'dissatisfied' with their neighbourhood as a place to live.

Table 3: % of respondents satisfied/dissatisfied with their neighbourhood as a place to live

	Jan 03		Nov 04		Sep 05	
	%	n	%	n	%	n
Very satisfied	38.4	186	29.4	128	26.1	164
Fairly satisfied	47.1	228	50.9	222	51.9	326
Neither satisfied/dissatisfied	7.4	36	10.3	45	12.4	78
Fairly dissatisfied	4.5	22	7.3	32	5.9	37
Very dissatisfied	2.5	12	2.1	9	1.9	12
Base	484		436		628	

- 1.6 We have not produced an action plan based on the results of the Community Cohesion survey, since the survey covers a range of 'quality of life' indicators that come within the remit of many different services and combinations of services. The Council and its partners are planning a much stronger focus on neighbourhood working and neighbourhood engagement over the next few years, which aims to bring about greater improvements in resident involvement in decision making, and in the quality of life of local neighbourhoods.
- 1.7 Safer Neighbourhood teams will be established in the priority neighbourhoods of Normanton, Stockbrook Street, Osmaston/Allenton, the Austin Estate and Sinfen, as well as the city centre. These teams will bring about a more coordinated response to making neighbourhoods safer and cleaner, and to listening to the views of local residents. The Council is continuing the review of its Area Panels, with a view to devolving more decision making powers to them and to enabling them to develop strategic area partnerships and plans.
- 1.8 The revised Community Strategy for 2006-2009 highlights the city centre and the neighbourhoods as the top priorities for the period. One of the key outcomes in the neighbourhood priority is to 'increase opportunities for residents to get involved in decisions about their neighbourhood'. The other key neighbourhood outcomes include crime reduction, improving cultural and sporting opportunities and making sure that housing provision meets the needs of local communities. These outcomes will address the issues highlighted in the community cohesion survey, as all Derby City Partnership partners will sign up to the Community Strategy, and each partnership group will produce annual action plans to show the actions being taken to meet the strategy's objectives.

Community Cohesion tabulated results

The following table illustrates the source of the respondents for the September 2005 Pointer panel survey:

		Frequency	Percent
Valid	Postal	580	92.4
	Web	48	7.6
	Total	628	100.0

This appendix presents the results frequencies and percentages for every question in the survey as well as the coded verbatim results¹. Please note that in some instances there is a need for 'other' within an 'other' open coded category. If this category did not exist there would be far too many codes with simply one frequency. In order to view what constitutes 'other' within 'other' please refer to the 'full verbatim listings' in Appendix B.

Section A: Community Cohesion

Q1 To what extent do you agree or disagree that ...

"Your local area, within 15/20 minutes' walking distance of your home, is a place where people from different backgrounds get on well together?"

		Frequency	Percent
Valid	No answer	7	1.1
	Definitely agree	85	13.5
	Tend to agree	318	50.6
	Tend to disagree	52	8.3
	Definitely disagree	19	3.0
	Don't know	90	14.3
	Too few people in local area	4	.6
	All same backgrounds	53	8.4
	Total	628	100.0

¹ Please note that the numbers down the initial column of the coded verbatim charts denote the code that each theme has been awarded.

Q2 How strongly do you feel you belong to ...? Your neighbourhood

		Frequency	Percent
Valid	No answer	19	3.0
	Very strongly	146	23.2
	Fairly strongly	281	44.7
	Not very strongly	134	21.3
	Not at all strongly	42	6.7
	Don't know	6	1.0
	Total	628	100.0

Q2 How strongly do you feel you belong to ...? Your local area, within 15/20 minutes' walking distance of your home

		Frequency	Percent
Valid	No answer	51	8.1
	Very strongly	108	17.2
	Fairly strongly	233	37.1
	Not very strongly	161	25.6
	Not at all strongly	67	10.7
	Don't know	8	1.3
	Total	628	100.0

Q2 How strongly do you feel you belong to ...? Derby

		Frequency	Percent
Valid	No answer	22	3.5
	Very strongly	192	30.6
	Fairly strongly	277	44.1
	Not very strongly	110	17.5
	Not at all strongly	25	4.0
	Don't know	2	.3
	Total	628	100.0

Q2 How strongly do you feel you belong to ...? Derbyshire

		Frequency	Percent
Valid	No answer	52	8.3
	Very strongly	166	26.4
	Fairly strongly	241	38.4
	Not very strongly	125	19.9
	Not at all strongly	38	6.1
	Don't know	6	1.0
	Total	628	100.0

Q2 How strongly do you feel you belong to ...? England

		Frequency	Percent
Valid	No answer	50	8.0
	Very strongly	287	45.7
	Fairly strongly	191	30.4
	Not very strongly	63	10.0
	Not at all strongly	30	4.8
	Don't know	7	1.1
	Total	628	100.0

Q2 How strongly do you feel you belong to ...? Britain

		Frequency	Percent
Valid	No answer	55	8.8
	Very strongly	248	39.5
	Fairly strongly	197	31.4
	Not very strongly	81	12.9
	Not at all strongly	39	6.2
	Don't know	8	1.3
	Total	628	100.0

Q3a Thinking generally, which of the things listed would you say are most important in making somewhere a good place to live? [Tick up to 5 only] - Access to nature

		Frequency	Percent

Notes

Disabled in household

No specific disabled figures in the Census. This figure based on respondents who consider themselves to be disabled, not just long-term sick.

We are unable to provide figures for tenure due to inconsistencies in the data received from SMSR. Whilst the recruitment survey asked for ownership of tenure, the database codes are listed as length of ownership which is information not provided by the census data.

2005 current panel profile – before March/April 2006 refresh
