Derbyshire Friend
LGB&T Specialist
Support and Advocacy
Services

To provide a range of services to individuals within the Lesbian, Gay, Bisexual Trans (LGB&T) community, including to:

- Contribute to a reduction in the incidence of HIV and sexually transmitted infections in the LGB&T and men who have sex with men (MSM) population using a peer led community engagement model
- Provide primary and secondary HIV and sexual health prevention services for the LGB&T and MSM population to improve their knowledge, skills, confidence around maintaining and achieving positive sexual health and well-being
- To increase the uptake of HIV Testing and Hep A and B Vaccinations.
- Provide independent information, advice and support to individuals regarding their sexual health. To advise, assist, support and train, individuals, families and organisations relating to the sexual health and well-being of LGB&T populations and men who have sex with men in order to improve awareness, the need for support, service improvement and delivery.
- Provide independent advice, advocacy and/or support any person in doubt regarding their sexuality, or experiencing difficulties in their lives relating to their, or another person's sexuality.
- Improve the knowledge of issues relating to the LGB&T population within the wider community in order to reduce the stigma associated with the LGB&T community and to improve access to treatment and care.
- Implement appropriate pathways to clinical care in community, HIV and sexual health services.
- To improve the health and well-being of LGB&T and MSM populations through peer led interventions
- The service will contribute to the reduction in admissions in primary and secondary care by promoting health and well-being and assisting in the management of people with long term conditions through peer led interventions.
- The service is commissioned by Derby City Council as part of the transition of Public Health from the former Derby City NHS Primary Care Trust. Historically the service has also been accessed by residents who live outside Derby city.
