43/19 Notice of motion: Delivery of Brexit

The following motion was moved by Councillor A J Graves and seconded by Councillor A W Graves:

On June 23rd 2016, 52 per cent of the people of the United Kingdom voted to Leave the European Union and the people of Derby voted 57 per cent in favour of leaving.

Since then the government, under Theresa May's leadership, has consistently said that she will carry out the wishes of the people and has abjectly failed that task.

The uncertainty of decision making has made our country, and city, uneasy about the future.

Derby City Council calls on, and will write to, the new Prime Minister to deliver a true Brexit, without further delay on, or before, the end of October 2019.

It was moved by Councillor Care, and seconded by Councillor Stanton that the motion be amended by the deletion of the words "deliver a true Brexit, without further delay on, or before, the end of October 2019" and the insertion of the following words in their place: "to give UK voters, before the end of October, the chance to reaffirm their 2016 decision to Leave the European Union once specific, clearly defined, terms (whether the current Withdrawal Agreement or some other arrangement) have been agreed by Parliament, or to remain in the European Union under current terms".

The amendment was put to the vote and carried.

44/19 Notice of motion: Impact of Universal Credit

The following motion was moved by Councillor Russell, and seconded by Councillor Eldret:

Full roll out of Universal Credit began in Derby just over one year ago. The detrimental effects of this change to social security has been felt by many residents in Derby.

This Council notes the five-week wait for Universal Credit claimants to access any support has pushed many families into poverty and led to many of them being unable to pay bills and fall behind with rent payments.

This council supports the assessment made by Philip Alston, the UN rapporteur on extreme poverty and human rights, that the Government's policy changes in social security has led to the "systematic immiseration of a significant part of the British population".

Council calls on the Government to immediately stop and scrap the unfair system of Universal Credit.

The Council further calls on the Council Cabinet to transfer funds as a matter of urgency to the Welfare Reform Reserve to support Derby's residents with the ongoing impact on Universal Credit.

It was moved by Councillor Skelton, and seconded by Councillor Ashburner that the motion be amended by:

- the deletion of the words "stop and scrap" and "system" in the penultimate paragraph
- the insertion of the words "reform" and "elements" in their place
- and, the deletion of the final paragraph in its entirety

The amendment was put to the vote and lost.

45/19 Notice of motion: Electoral reform

The following motion was moved by Councillor Kus, and seconded by Councillor Bettany:

Council recognises that the 'First Past the Post' system of voting that has been used in Britain since 1888 is no longer fit for purpose.

First Past the Post results in tactical voting and gerrymandering, causing many people to feel that their vote has been wasted.

Council resolves:

- *To request the Cabinet Member for Governance and Licensing write to the Government, lobbying for electoral reform and stating that First Past the Post is no longer fit for purpose.*
- *To work with the Electoral Reform Society in order to achieve a fairer voting system for Derby.*

It was moved by Councillor Eldret, and seconded by Councillor Russell that the motion be amended by the deletion of the second paragraph.

The amendment was put to the vote and lost.
